Living with Purpose and Hope

VOICES AND VISIONS OF YOUTH IN FOSTER CARE

Edited by Dr. Monique B. Mitchell

"In this book, the voices and visions of youth in foster care will fill the pages, inviting you to listen to their dreams, their hopes, and their visions. From the echoes of the pages, you will hear the voices of youth share, 'We are more than our foster care experience, and we won't let anyone define us by our circumstances. Listen to us. We are helpers, we are nurturers, we have dreams, we have goals, we have meaningful purpose…we have hope for a brighter future ahead.'

What do youth in foster care have to say about their life purpose, hopes, and dreams?

Let's listen."

— Monique B. Mitchell, PhD, FT
